## THE NEGRO AND HIS EDUCATION.

If the negro can acquire education by his own efforts, the use of his own money, well and good. If philanthropists see fit to supplement his efforts, helping him with their money, well and good. But he has had the benefit of the money contributed by the white taxpayers over the South long enough.

Let money paid by negro taxpayers maintain public schools for the negro. Let the money paid by white taxpayers go to the maintenance of schools where white children are educated. That is justice, intrinsic and impartial. It is sound public policy, whether the view point be based on moral or economic considerations. For thirty years the white taxpayers have supported public schools for the negro as well as white children. It is long enough. For three decades the Southern negro has been the beneficiary of special legislation for the protection of civil and political rights, taxation of whites for his education, the protegee of well-meaning philanthropists. It is high time for him to stand alone, take care of himself. It is full as logical he should be assured a reasonable amount of work in order that he may exist, as a reasonable amount of education that he may not remain ignorant.

The time is near, virtually at hand, when white taxpayers should cease to pay money for the support of public schools for negroes.—Waco Tribune.

Judging from the amount of advertising the Carnival is getting at the hands of the State papers, the biggest crowds ever seen in Palestine may be expected.

The pros can't expect to carry all the counties at the election. It may take two more elections to get Anderson elected.—Tyler Democrat-Reporter.

Yep!

PALESTINE'S carnival will be the event of September in Texas, but then Palestine is a product of East Texas.—Houston Post.

And everything good is a product of East Texas. Thanks!

The United States bureau of agriculture, in its last report, says the condition of the cotton crop is not quite as good as it was a month ago, but is 30 per cent better than it was at this time last year.

The Washington Post says: Texas is boasting that her percentage of increase of births over deaths is greater than that of any other State. Just shows what prohibition laws and the suppression of the pistol-toter will do for a commonwealth.

A TELEGRAM from Nacogdoches says a Mr. Harris has just organized a large syndicate the purpose of which is to purchase a large body of land in that county. A part of the scheme is to put in and cultivate several hundred acres in fruit and tobacco, and the colonization of the balance. But then, it must be a mistake; prohibition has killed that county, you know.

## Junior Department.

The Junior Department of the R. R. Y. M. C. A. is in splendid shape. The department was organized some time ago with 50 members, and have increased this number to 74. The boys are allowed in the building every day at certain hours. Monday, Wednesday and Friday from 2 to 4 o'clock they are allowed to bowl, read, use the games and draw books from the library. Tuesday, Thursday afternoons and Saturday morning the boys use the gymnasium and the baths. On Sunday afternoons the boys gather at the building and listen to good wholesome talks. This meeting is conducted by the boys themselves. The membership fee in this department is \$3.00, and any boy between the ages of ten and fifteen years of age is entitled to join. The hours will be changed with the opening of school, and will then be, gymnasium days 4 to 5:30 p. m. and 4 to 5 p. m. on other days. Saturday hours will remain the same.

Mr. Bourque would like to call the attention of the parents to a few important facts in connection with the gymnasium. Have your boys bring along an old pair of pants and shirt, so they will not be compelled to wear clothes in which they have exercised. This is one of the most important features of physical work. The body perspires freely and the pores are opened and a bath is needed not only to cleanse the body, but to close the pores and prevent one from taking cold. The proper bath after exercise is a hot shower, gradually changing to cold until the body experiences a pleasant glow. Parents are invited to visit the building on gymnasium days and witness the work of this department.

## You May Be Cured

544 Garfield Avenue, CHICAGO, ILL., October 9, 1902.

After doctoring for eleven months and taking forty-three bottles of medicine and finding no relief for leucorrhoea resulting from irritation of a fallen womb I took Wine of Cardui and fourteen bottles cured me. This seems strange but it is the simple truth. Wine of Cardui helped me from the time I began taking it and having heard it praised so highly by friends who had tried it I felt satisfied that it would help me, and it did. It cured me. Took every bit of ache, pain and headache, cramps and dragging down sensations away till I felt young, strong and happy once more. It is a wonderful medicine and a true friend to women. When I look back on the months of torture I had it seems like a hideous nightmare. Wine of Cardui will cure any woman I believe. I have more faith in it than all other medicines combined.

Francis Kingsley  
Vice-Pres., Chicago Historical Club.

How can you refuse relief when you know you are growing worse day after day? Shooting pains, irregularity, inflammation and bearing down pains make thousands of women miserable. Why drag through life never enjoying anything? Wine of Cardui has made over 1,500,000 weak and suffering women well and strong. We ask you to go to your druggist today and secure a \$1.00 bottle of Wine of Cardui and begin to take it at once. Do that and the health Mrs. Kingsley writes about will soon be yours. If you think special directions are needed in your case, address, giving symptoms, Ladies' Advisory Department, The Chattanooga Medicine Co., Chattanooga, Tenn.
